

## ACTIVANT TRADEMARKS

The following is a list of Activant registered trademarks, as well as certain Activant common law trademarks.

When using the marks in publications that will be distributed only in the United States, include the appropriate TM, SM, or ® symbol on the first prominent use in the publication. In addition, for all publications (whether distributed in or outside of the United States) use the appropriate trademark attribution notice, for example: Activant and the Activant stylized logo design are registered trademarks, and Activant Catalyst is a trademark, of Activant Solutions Inc.
