

# ACTIVANT GPS TRACKER

## MANAGE YOUR FLEET USING NEXTEL\* PHONES AND TRACK MORE ON-TIME DELIVERIES

Do you struggle to find ways to improve service and increase deliveries each day? Do you need an inexpensive solution to track your delivery fleet and reduce unauthorized stops? Activant GPS Tracker™ combines global positioning system (GPS), mobile phone and Internet technologies to bring you an efficient way to track vehicles wherever they are.

## TRACK YOUR FLEET...WITH YOUR PHONES!

GPS Tracker is an inexpensive alternative to vehicle-mounted GPS tracking solutions because it works with mobile phones you might already be using. When a driver powers on a Tracker-connected phone, it transmits a positioning signal that's relayed back to the dispatcher's terminal every 15 minutes. At any time, the dispatcher can view the location of one vehicle or the entire fleet.

GPS Tracker also logs each time a phone is powered on, relaying that a phone was purposely turned off and not merely out of range during critical business hours. By virtually eliminating unauthorized stops, drivers return to the yard without delay.

## GPS TRACKER AND DDS: A COMPLETE DELIVERY MANAGEMENT SOLUTION

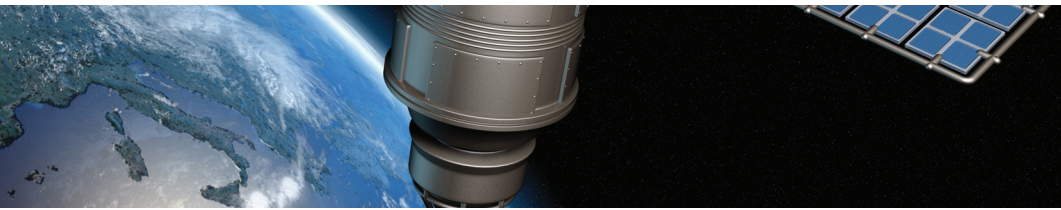

Activant's Dispatch & Delivery System™ (DDS) becomes even more automated with GPS Tracker. One option allows you to set up electronic "Geofences" around any location. Enter longitude/latitude coordinates at the entrance to your lumberyard, and GPS Tracker updates the order status in DDS to "dispatched" when a truck leaves or "delivered" when the truck returns. The second option allows a driver to choose an order number on his phone and select "delivered" once the materials are unloaded. GPS Tracker transmits the order status to DDS for up-to-the-minute accuracy.

## COMPREHENSIVE REPORTING FOR DOCUMENTATION AND DECISION-MAKING

GPS Tracker maintains a database of historical data you'll need to allocate resources or defend your business in case of an insurance claim. It records mileage, paths driven by the entire fleet and more.

## BENEFITS

- Track phone locations with GPS transmission
- Reduce unauthorized stops
- Integration with Activant Dispatch and Delivery System

## **KEY BENEFITS OF ACTIVANT GPS TRACKER**

### **ACTIVANT GPS TRACKER PROVIDES INEXPENSIVE FLEET MANAGEMENT WITH MOBILE PHONES**

#### **Inexpensive Alternative to Vehicle-mounted GPS Solution**

- Save money by using Nextel mobile phones
- No need to retro-fit your fleet
- Economical GPS transmission every 15 minutes

#### **Assist Drivers on the Road**

- View the location of one vehicle, all vehicles for a location or the entire fleet
- Monitor vehicle speed to enforce a safety culture
- Locate vehicles on demand and offer alternate routes
- Make service a priority by setting verifiable expectations

#### **Automate the Dispatch Process Even More with DDS Integration**

- GPS Tracker integrates with Dispatch & Delivery System (DDS)
- Drivers transmit delivery status to DDS via mobile phone
- Optional Geofence functionality triggers automated updates

#### **Eliminate Unauthorized Stops and Increase On-time Deliveries**

- Monitor drivers' routes and question detours
- Track each time a phone is powered "on"
- Track departure and arrival time at customer site
- React promptly if driver doesn't respond after two transmission cycles

#### **Evaluate Reports and Allocate Resources to Maximize Profitability**

- Reporting provides documentation for insurance purposes
- Track mileage and route history by month
- Measure mileage between any two points and choose best location to fill order
- Schedule that extra delivery each day to improve customer service

### **ABOUT ACTIVANT**

Activant, a leading technology provider of business management solutions serving small and medium-sized businesses, offers customers tailored proprietary software, professional services, content, supply chain connectivity and analytics. Activant's systems are designed to help customers increase sales, boost productivity, operate more cost-efficiently, improve inventory turns and enhance trading partner relationships.
