

QUICKRECALL

QUICKRECALL OFFERS EASY ACCESS TO DETAILED INVOICES STORED ON YOUR ACTIVANT EAGLE™ SYSTEM

Need to quickly find a specific invoice for a customer at point-of-sale? With QuickRecall™, the invoice storage software, you can do just that! Retain months to years* of valuable information-including contractor invoices and credits-all on your hard disk. Quickly retrieve information by SKU, invoice number, customer name or number, job number, date or any combination of these.

Suppose a customer needs to purchase additional custom mixed paint, but doesn't have the tint formula. At point-of-sale, you can use QuickRecall to call up the invoice and easily find the formula. Now your paint department can match the color perfectly and send the customer away happy.

Ever had contractor lose an invoice at the job site? With QuickRecall you can quickly call up the invoice and send a fresh copy.

Increase your customer service level and spend less time pulling paper copies of invoices and transactions. QuickRecall will automatically archive important data for you, enabling you to retrieve information on-the-fly.

BENEFITS

- Store all your invoices for quick retrieval, eliminating storage needs in the warehouse or offsite
- Track special items, like custom paint formulas, for superior customer service
- Verify product sales information and prices to maintain profit margins
- Create new transactions from previous invoices for any customer, eliminating errors and saving time

Quickly find invoices at point-of-sale for viewing, reprinting or even creating new orders.

KEY BENEFITS OF QUICKRECALL

Retrieve invoices electronically to save time and storage space in your warehouse

- Retrieve invoices and credits by SKU, invoice number, customer name or number, job number, date or any combination of these
- Display invoices and credits for your contractors and print new copies, if requested
- Reprint invoices in a batch mode and mail with statements at month-end
- Retain invoices for a specific period of time for items under warranty; Determine what items you want archived and for how long
- Determine how long to archive invoices by individual customer

Track important details for easy reference and reorder

- Track special information including serial numbers, paint formulas, toxins, patterns and model numbers
- Save time by creating new transactions based on previous invoices
- Retrieve past invoices to create new estimates for identical or similar jobs for your contractor customers
- Combine information from more than one stored document to create a new transaction. Edit as necessary to reflect updated pricing

Verify product sales information to protect your margins

- Look up sales by item and by customer name or number at point-of-sale to insure accurate pricing on returned merchandise
- Look up sales by transaction by customer name or number at point-of-sale and narrow your search by SKU or date
