

TOTAL RENTAL FOR WINDOWS

INTEGRATING RENTAL MANAGEMENT INTO YOUR *ACTIVANT EAGLE*™ FOR WINDOWS SYSTEM

Has your business expanded to include equipment rental? Do you manage your reservations, deposits and transactions using a separate computer? Are you still processing rentals manually? If you currently manage your rentals outside your Eagle for Windows system, maybe it's time you looked at *Total Rental for Windows*.

Whether you rent backhoes, hand tools, farm equipment, party supplies or all the above, the Total Rental software package brings state-of-the-art rental management tools to your Eagle for Windows system. Designed with the rental industry's needs in mind, Total Rental is a powerful, third-party software package that integrates with your existing system, ensuring accurate inventory, sales and accounts receivable tracking.

Easily look up customer and inventory information in a variety of ways, including name, address, phone number, manufacturer, item number, description and more.

Contract terms are user-definable and you can even set up different default terms, rates and due dates for each inventory item.

Improve sales by setting up your rental items to automatically prompt for accessories and related items at checkout. Does your customer need gloves, eye protection and the proper chain oil with their chainsaw rental?

You can even print caution notes or instructions each time a dangerous or complex item is rented.

BENEFITS

- Rentals are no longer a separate "business," because *Total Rental for Windows* passes your rental contracts and sales data automatically to your *Activant Eagle Point-of-Sale for Windows* software
- Don't put customers on hold while you check inventory in the warehouse. Look up, reserve and set contract terms easily from your nearest terminal
- Suggestive selling is easy with automatic prompts for accessories, safety equipment and more
- Sell safety! Print caution notes and instructions each time a dangerous or complex item is rented
- Integrated month-end and year-end processes ensure accounting data accuracy with minimal effort

Item #	Description	Rate	Days	Qty	Date DUE	Time DUE	Rate/Amt	Amount	Disc %
24-011-01	BACKHOE 20HP ALLMAND	24H	1	1	09/21/2002	10.34	150.00	150.00	0.00
50-018-01	AUGER, EARTH 2 MAN	24H	1	1	09/21/2002	10.34	35.00	35.00	0.00
60-086-01	ARCH, LATTICE	24H	1	1	09/21/2002	10.34	35.00	35.00	0.00

KEY BENEFITS OF TOTAL RENTAL

The Total Rental reservation system ensures availability as promised

- Take reservations and check availability with the easy-to-use built-in calendar
- Receive automatic alerts when items are overbooked

Pre-set contract details take the guesswork out of your rental business

- Create a rental contract by filling in information in any order you want; you are not limited to a set order
- Every SKU can have different preset contract rates, terms, rules and due times

Move your customers through quickly so they can get back to work

- Check them out quickly using any non-PAC board Activant POS device, including bar code scanners and laser printers
- Multiple payment types are accepted, including pay-in-advance, pay-on-return, pay-on-delivery, pay-as-you-go, security deposits and charge accounts
- Scan your customer's driver's license and associate it with the rental contract or the customer record
- Look up customer records by any field, including name, address, phone number and ZIP code
- Look up sales items and parts using any field, including manufacturer, part number, description and vendor
- Enter the ZIP code and the city, state and area codes fill in automatically

Don't let them leave without everything they need!

- Each SKU can prompt for accessory and related items to improve sales and make sure your customers have what they need
- System suggests alternative items whenever needed and available
- SKUs can be set up to automatically print caution notes or instructions for dangerous or hard-to-use items

It's all one business - with Total Rental the data's all in one place

- Rental contract amount as well as accessory sales item information is automatically passed to Point-of-Sale* for accurate sales history and accounting
- Sales and charge history are kept on Eagle, so there is no separate month- or year-end close for Total Rental
